TCIN: 76157573

UPC: 868888000204

Item Number (DPCI): 094-12-6246

Origin: Made in the USA or Imported

Description

Think some of the food you eat may be causing headaches, stomach pain, or other symptoms? This Food Sensitivity Test can help you prioritize which foods may be best to remove during a two-part elimination diet. It does this by checking how your body's IgG antibodies react to 96 different foods, including dairy, wheat, yeast, and more, and rating each food on a reactivity scale from normal to high.

HSA/FSA Eligible

Restrictions apply; contact your insurance provider about plan allowances and requirements
